

Fineline is a new collection of Solid Surface counter-top basins featuring an array of contemporary organic shapes, including circles, ovals and rectangles.

Fineline exemplifies the beauty and practicality of Solid Surface as a bathroom material. Edges are smooth with a fine delicacy previously unseen in Solid Surface products and the finish is a crisp matte white. While the appearance is of fragility, the reality is a robustness and durability that is inherent to Solid Surface.

SOLID SURFACE:

Solid Surface is a composite material composed predominantly of natural materials (around 60%) combined with high-grade polyester resin.

The finished product is a seamless, non-porous and hygienic surfacing material ideal for bathroomware. Solid Surface is also renewable, meaning it can be fully restored to its original condition.

CLEANING:

Clean with a soapy sponge, followed by a rinse. For stubborn stains such as lime scale or soap build up use a mild abrasive cleaner like Gumption® paste, Jif® cream or Ajax® cream or powder – use with a soft damp cloth in wide circular motions. Finish by rinsing with a clean, damp cloth.

IMPORTANT NOTES:

Seven (7) years
All CIBO bathroomware should be installed by a licensed plumber.
