

The Vasca 13L

## THE VASCA 13L

CIBO's Solid Surface basins have a smooth, contemporary-looking matte finish without visible joins. In addition to these good looks, Solid Surface material is also durable, versatile and hygienic. It's ideally suited to commercial applications because it resists much of the impact that occurs in heavy traffic areas. The Vasca features a generous 13 litre basin with a handy 200mm wide benchtop space at right.

## DIMENSIONS

External dimensions:

W600 x D400 x H200mm

Internal basin dimensions:

W400 x D300 x H160mm

Requires 32mm plug & waste with overflow

Tapholes: 1 for Mixer Tap

## SOLID SURFACE

Solid Surface is a composite material composed predominantly of natural materials (around 60%) combined with high-grade polyester resin. The finished product is a seamless, non-porous and hygienic surfacing material ideal for bathroomware. Solid Surface is also renewable, meaning it can be fully restored to its original condition.

## CLEANING

Clean with a soapy sponge, followed by a rinse. For stubborn stains such as lime scale or soap build up use a mild abrasive cleaner like Gumption® paste, Jif® cream or Ajax® cream or powder – use with a damp cloth in wide circular motions. Finish by rinsing with a clean, damp cloth.

## INSTALLATION

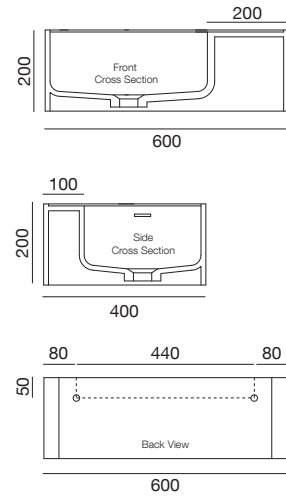

All CIBO bathroomware should be installed by a licensed plumber. Wall hang basins using fixing bolts provided in box.

## IMPORTANT NOTES

Seven (7) year product replacement warranty. One (1) year warranty on labour and spare parts.

Tapware, plug & waste sold separately.
